Welcome to this exceptional custom-built 3-bedroom, 2-bathroom home, thoughtfully designed for the ease of one-level living and quality craftsmanship throughout. Beautiful wood flooring adds warmth and timeless appeal, while the wood stove adds extra coziness on chilly nights.

The chef-inspired kitchen is the heart of the home, featuring quality finishes and an adjoining pantry/laundry room. The lower level is currently configured as a workshop but offers excellent potential for a private guest suite, or studio.

Enjoy the beauty of every season from the home's multiple covered decks and enclosed balconies. Nestled on a private half-acre property, mature trees surround the home, creating a peaceful, park-like setting.
